The MSc EDCBA is a postgraduate Master's degree awarded by the École des Ponts ParisTech and jointly run with the Paris School of Economics.

It is a challenging full-time 18-months program that will provide you with outstanding training in the tools of economic evaluation. It combines a rigorous academic core with tailored practical applications to various sectors.

The MSc EDCBA is designed for technically-minded graduates who want a deep, analytical study of economic evaluation of projects, investments and policies. You will learn how to put the latest academic thinking and business strategies into practice from leading practitioners and faculty, giving you a thorough and hands-on understanding of economic evaluation methods.

### PROGRAM SYLLABUS

  (internship and internship thesis)

### LOCATION

The MSc EDCBA will take place at PSE in the 14\textsuperscript{th} arrondissement of Paris. A new 12500 m\textsuperscript{2} building houses around 1500 researchers, students, and administrative teams of the PSE and the Ecole normale supérieure. The 1-hectare Jourdan campus offers ideal conditions: numerous classrooms and working spaces, an 300 places amphitheater, a SHS library with more than 50000 books, a student home...
SKILLS ACQUIRED

Upon graduating from the MSc EDCBA program, you will have solid knowledge of the central concepts, theories, and research methods of economic evaluation as well as applied skills. In particular, you will be able to:

- Carry out investment economic **evaluation analysis** in various fields through advanced analytical techniques.
- Design **investment strategies** and manage **infrastructure projects**.
- Assess the suitability of **each evaluation method** according to the sector, available data and purpose of the evaluation.
- Apply **computational and statistical methods** to analyse data and to manage databases.
- Report results in a clear and understandable manner to **support decision making**.

CAREER PROSPECTS

A dedicated **Career Center** helps students finding a valuable internship program with the help of the Master’s Sponsors, as well as making informed decisions about career goals and find opportunities related to their professional objectives.

Taking advantage of the **Alumni network** of the Paris School of Economics and the École des Ponts ParisTech, The MSc EDCBA will attract several **leading companies, agencies, public institutions** to deliver presentations. This provides interactions and expose our students to their potential employers.

The skills acquired will enable participants to **work in Europe and abroad** in:

- Construction, IT, health, energy, water, real estate, natural resources industry
- Financial institutions and Banks
- Investment Funds for Infrastructure
- Development Banks or equivalent
- Leading consulting firms
- Assistant to Contracting Authority (ACA) firms
- Public sector institutions and administration

**Roger Guesnerie, Professor of Economics**
Collège de France - PSE
The MSc EDCBA is designed for new and recent graduates. Candidates with more than three years' work experience will be considered on a case-by-case basis. **Admission to the EDCBA program is very competitive** and the selection committee will pay close attention to all aspects of your application. You need to submit your online application form and supporting materials by the application deadline.

### THREE STEPS

Applications open from early **November 2017** via [www.pse-application.eu](http://www.pse-application.eu)

The application undergoes three phases:

1. **Submit your application before the deadline: March 31, 2018.**
2. Only preselected applicants will have an interview with two members of the selection committee (face to face or via skype) to measure the pertinence of the program with their own educational qualifications and professional plans. Interviews will take place **between April 2, 2018 and April 27, 2018.**
3. Acceptance will be announced to candidates by **April 30, 2018.**

### REQUIREMENTS

- **Undergraduate degree:** The master EDCBA is open to candidates holding a 4-year bachelor's degree (or equivalent) in Engineering, Economics (with high quantitative skills), Mathematics or Statistics.

- **GMAT or GRE score:** We recommend that the quantitative scores are in the 90th percentile, the verbal scores are in the 80th percentile and the analytical writing score is at least 5. Official online scores must be accessible by our admissions department and not older than 5 years.

- **Work experience:** It is not mandatory to have any full-time work experience prior to applying to the program. However if you have any relevant experience, either full-time or via an internship, this will be considered as part of your application for the program.

- **References:** Two academic or professional references submitted via the application website. If you are in the process of completing a degree programme, one reference should be from your current institution.

- **English language test:** A test of English as a Foreign Language (TOEFL) or International English Language Test Scheme (IELTS) must be taken, and all minimum scores met (unless eligible for a waiver) if either your first language is not English or you are not from a majority English speaking country, as defined by the UK Visas and Immigration office.

**Location:** Paris School of Economics  
Jourdan Campus, 48 Boulevard Jourdan  
75014 Paris - France
